

Save Your Medical Funds After Settlement with CareGuard

CareGuard helps individuals manage and make the most of their settlement funds and take control of their medical care

What does this mean for you?

- You **never have to undergo Utilization Review** and have your treatments denied.
- CareGuard works like a traditional insurance card, and you will **never touch a bill**. Simply show your CareGuard card at your provider's office or pharmacy.
- All provider and pharmacy bills are sent to CareGuard; we review every bill and **apply discounts so you can save money**.
- You can **treat with any doctor you would like, and pick up your prescriptions at any pharmacy**.
- In the case of a Medicare Set Aside, you will be **100% compliant** with Medicare and CareGuard will submit the required annual reporting.
- You will **save big** on your healthcare treatments, **minimizing the risk of running out of funds**.
- In addition, CareGuard's team of Care Advocates provides you with **24/7 support** to coordinate your care.
